SUBJECT: Directory of Approved Teacher Education
Programs in California Colleges and
Universities

Enclosed is a copy of the Directory of Approved Teacher Education Programs which we supply to other states for reciprocity purposes. Enclosed also is a most recent copy of the Professional Preparation Programs approved or in process of consideration by the Commission. The latter document is really a part of our system for reporting to the Commission. I am supplying it to you because some of you have indicated that it would really be most helpful. If you have any questions about it, please contact Dr. Dick Mastain (916) 445-8097 or Dr. Sid Inglis (916) 322-5988.

We will not try to supply this to you each time we redo it, but either Dr. Mastain or Dr. Inglis will be most happy to supply the most recent copy available upon your request.

I would like to take this opportunity to extend my personal appreciation and that of our staff to you and your staff for your cooperation and support. Much of our success is attributable to you and to the conscientious, efficient, and "caring" credentials personnel in your offices.
